Leron,

Nice seeing you earlier today. I'm pleased to report that either Ramon Barajas or Cathie Santo Domingo from Dept. of Recreation and Parks will represent the Department at the Chamber's Economic Development meeting on Tuesday 3/17 at 8:00 AM.

Could you please advise as to what specific issues related to Downtown you are planning to discuss?

Thank you!

Dan Halden

Dan,

Leron passed this message on to me - the purpose of this get together on 3/17 is to understand the possibilities for creating productive open space in Hollywood for those who reside, visit and do business here.

The hour session is structured as such: the first half, we will have several brief presentations on what Hollywood has in terms of open space, what another part of town is doing to address this issue – in this case South Park in DTLA , and what Hollywood is and could be doing to create more useful open space here. The second half is meant to be an open conversation which is why we thought that having you and the appropriate party from Recreation and Parks join us. Kerry Morrison who heads up the Hollywood Building Owners Alliance will also be joining us.

As to your questions about Downtown, there are no specific issues in that area of the city that we are planning to discuss – it's more that we are looking to be informed about what is happening down there as a comparison/reference point for Hollywood – to this, Jessica Lall of the South Park BID has been nice enough to join us to share her BID's ideas for activating alley spaces in South Park.

We welcome either Ramon Barajas or Cathie Santo Domingo from the Dept. of Recreation and Parks – unfortunately their e-mail addresses did not copy over when Leron sent your message to me so if you could be so kind as to forward my note above to them, that would be appreciated. Of course, if you have any more questions about our forum on 3/17, please feel free to reach out to me directly. We look forward to having you all there and sharing in a healthy discussion about the open spaces in Hollywood.

Best Regards, Li
